

## SOLOMONS' SECRETS AUDITIONS - JOSH

(Josh gets up to address the audience.)

### **JOSH**

Usually it's the youngest child that is the screwed up one. But in the Solomon family it's me, the oldest. Hopeless, underachiever, no career, and prone to anxiety and depression. Three baby sisters that should look up to me like the god that I should have been. Might have been four sisters too, but then Karen died. And the secrets started. These bloody secrets that are slowly killing me from the inside out. I once had what everyone called a promising future in medicine, I did bloody well at school if I do say so myself. But I dropped out of med school after second year. Anxiety disorder. The dope didn't help, my head was a mess and it was panic attack after panic attack. All that's under control now - Zoloft to the rescue but I never got my act together again. It doesn't bother me, I know my place as the family's loser, but it really bothers everyone else. Thank god for Chloe. I'm actually kind of happy for once, although she's maybe a little bit too much like me. Broody and mysterious. It's sexy as hell.
